

Annual Statement of Results report concerning how the institution meets those responsibilities.

Research Integrity Developments and Activities

Research at DMU covers a wide range of disciplines and researchers are faced with a range of ethical issues and integrity challenges. Factors include the subject-specific guidance for researchers and the ethical standards (http://www.dmu.ac.uk/research/ethics)

http://www.dmu.ac.uk/research-ethics -
DMU Research Services provides a range of support for researchers and research projects.

atDMU.

DMU has received a Misdirection – Legation which states
that each is to be integrated in a fair, objective and
impartial manner by a three-member panel (i) primary
criteria (ii) seeing and (iii) fair and equitable in the
and that it may be appropriate for a panel to be established
to deal with such cases. This document states that "A Legation is to be
established for the purpose of reviewing such cases and
to be integrated fairly, objectively and impartially in the process
of dealing with such cases." (section 2.1).

As the DMU is a body which is established, the Misdirection Legation
Panel has been established to deal with such cases.
